To Whom it may concern:

I am submitting a waiver request for FCC Form 471 # 191012224. I was in my error that I did not submit the application before the deadline of March 27<sup>th</sup>, 2019. I completed the application on March 1, 2019, @ 12:08 pm MST, through this process I was interrupted with other duties and did not make it back in to certify the application. It wasn't until April 10<sup>th</sup>, 2019 that I had logged into the EPC portal and noticed that I did not certify the application.

I understand that this was completely my error, however being a small rural school district in Idaho, category two funding for our school district positively impacts our schools and students.

Thank you for your time.
